

Water rates

District: Lake Pointe Estates

What is my water rate?

NextEra Water Texas rates are approved by the Public Utilities Commission of Texas (“PUC”) through our tariffs and comply with the PUC Chapter 24 Rules. The most recent rates are posted as soon as official documents are available to us from the PUC. NextEra Water Texas rates cover the cost of water treatment, water storage, transporting water to its customers (known as base rates) as well as usage, which is charged on a per thousand gallons basis.
